

would otherwise be issued, plus an amount equivalent to the interest which the debentures would have earned, computed to a date to be established pursuant to regulations issued by the Secretary. The implementing HUD regulations for multifamily insured mortgages at 24 CFR 207.259(e)(1) and (e)(6), when read together, provide that debenture interest on a multifamily insurance claim that is paid in cash is paid from the date of the loan default at the debenture rate in effect at the time of commitment or endorsement (or initial endorsement if there are two or more endorsements) of the loan, whichever is higher.

Section 221(g)(4) of the Act provides that debentures issued pursuant to that paragraph (with respect to the assignment of an insured mortgage to the Secretary) will bear interest at the “going Federal rate” in effect at the time the debentures are issued. The term “going Federal rate” is defined to mean the interest rate that the Secretary of the Treasury determines, pursuant to a statutory formula based on the average yield on all outstanding marketable Treasury obligations of 8- to 12-year maturities, for the 6-month periods of January through June and July through December of each year. Section 221(g)(4) is implemented in the HUD regulations at 24 CFR 221.255 and 24 CFR 221.790.

The Secretary of the Treasury has determined that the interest rate to be borne by debentures issued pursuant to Section 221(g)(4) during the 6-month period beginning July 1, 2022, is 2⁷/₈ percent. The subject matter of this notice falls within the categorical exemption from HUD’s environmental clearance procedures set forth in 24 CFR 50.19(c)(6). For that reason, no environmental finding has been prepared for this notice.

The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain integrated circuits and products containing same by reason of infringement of certain claims of U.S. Patent Nos. 8,772,928 (“the ‘928 patent”); 7,231,474 (“the ‘474 patent”); 10,616,017 (“the ‘017 patent”); 10,200,228 (“the ‘228 patent”); and 10,264,580. The Commission’s notice of investigation named ten (10) respondents, including: NXP Semiconductors N.V. of Eindhoven,

On July 25, 2022, the presiding ALJ issued the subject ID (Order No. 24), granting the joint motion to terminate the investigation based on settlement. The ID finds that the motion for termination satisfies Commission Rule 210.21(b) (19 CFR 210.21(b)) and that no extraordinary circumstances exist that would prevent the requested termination. In particular, the USMCA Implementation Act requires that the Commission report on:

(3) the relevancy of USMCA automotive ROO in light of recent technology changes in the United States; and

(4) other matters the Commission considers relevant to the economic impact of the USMCA automotive ROO.

The USMCA Implementation Act requires that the Commission transmit its report on July 1, 2023, one year following submission of a USMCA automotive ROO report by USTR, also required by the USMCA Implementation Act.
